## **PRESIDENTS CORNER**

By Mary Burchfield

Hello Everyone,

Exciting things are happening at our Research Center. Pat Healy and Gail Platt have been working very hard every Tuesday to catalog and get our research books on the shelves. I never realized what a good collection we have, not only on our area but many of the other states. You should come in and take a look. If you have a genealogy book you no longer need, consider donating it to the library. On the first Saturday of each month, Pat Healy presents a class for beginners in genealogy. Now she has added an additional class for not only new researchers, but also the *veterans*. It is called "Genealogy Do-Over" created by Thomas MacEntee! It gives you a new prospective on how to research, recognize and organize what you already have. It is well worth your time to attend. The "Beginners Class" starts at 10am, we break for lunch, and at 1pm the "Do-Over" class will start.

We are in the process of revamping our "Heir Lines." We are hoping that you will contribute to this project. We would like to find family stories, interesting facts and pictures of your area. If you have some history about your town or family, please share it with us. It does not necessarily have to be in the Siskiyou area. You can mail it via snail mail, e-mail or simply drop it by the Research Center and visit the research awhile.

We are in the process of purchasing another computer. This will greatly help when we have so many needing to use them. Remember we have free Wi-Fi for your use with your own laptop!

If you haven't noticed, in April we started some new and exciting classes for you! Whether you are a beginner or an experienced researcher, there is something there for you. Mark your calendar and don't miss an opportunity for a great learning experience. There is always something for every level of research.

Good weather is slowly approaching so it should be easier to get out and about. We have several new volunteers, but we still need your help. I would like to give a big Thank You for all the people that have volunteered during the past year. Your help was much appreciated!

There are a lot of projects scheduled, but we just need someone to help with them.

*Mary Burchfield*, GSSC President

## Death of John C. Burgess.

John C. Burgess, a '51 pioneer of Siskiyou county, who died last week, was one of the oldest and best known residents in our midst, and has figured conspicuously as an important personage during his young days, having come here when about 21 years of age, from Virginia, his native State. He and his brother Wm. Burgess, had a pack train during the starvation times on Salmon river, in March 1851, when a heavy snow storm occurred, and were joined while in Scott Valley by men from that section. Parties were traveling occasionally through the county from Oregon to the Sacramento Valley, via Shasta Valley and Sacramento river, Yreka creek being a favorite camping ground. The first discovery of gold in this county was made about that time on Yreka creek, the late Dr. F. G. Hearn of Yreka, and Silas J. Day of Jacksonville, Or., being the only two men in Yreka when gold was discovered, Burgess having located in Hawkinsville, where he owned the present Simmons ranch. Burgess also owned a fine ranch at Willow Creek some years later, which was sold. In 1851-2 he was active in efforts to protect the incoming immigrants from the plains and from Oregon and Central California, as the Indians were then very troublesome, having volunteered his services on various occasions. In 1869 he was elected sheriff, serving two years, and since that time had been engaged in mining and road building. He superintended the working of the old Eliza mine on Humboldt, for a San Francisco company, which yielded handsome returns for a long period. Many years ago he plowed up all the streets of Yreka, making good gutters, rounding up in the center, besides covering with gravel, doing a fine job, and has made many good pieces of wagon roads for the county. John Burgess was a hard worker and a worthy citizen, whose good deeds will be long remembered. Sincere sympathy is tendered to his bereaved family in their sad loss.

## Death of Ex-Sheriff Burgess.

John Chesterfield Burgess, sheriff of this county in 1869-70, also a Mexican war veteran, and native of Virginia, died last night, after an illness of several weeks, aged 75 years. He came to this county early in 1851 with the first settlers, and was a leader in fighting the hostile Indians during the early 50's. Deceased has lived at Little Shasta, Willow Creek, and Hawkinsville, during early days, but made Yreka his home ever since serving as sheriff. He was an energetic, upright, and public spirited citizen and leaves a wife and a number of grown children to mourn his loss. Time of funeral not yet fixed as we go to press.

**Woman's Death From Hanging.**

Last Saturday morning as P. H. Donoghue and W. S. Arnold, of Henley, were looking over some property, a couple of miles west of Hornbrook, they found a lady's hat, cape, night gown, small handbag, two purses, containing \$1.15, and a fruit knife, in a gulch about three hundred yards north of Clay Foster's house, in which no one had been living for the past month. They reported their find and the next morning Elmer E. Oagle, who lives about a mile distant, went up to the gulch and continued on fifty yards further and found the remains of a woman hanging to a small oak tree. Coroner John A. Fairchild was notified and at once went to the scene. He reports that she was a rather large woman, about 50 years old, wore a brown dress with a white crocheted collar of cheap material, a pair of cheap shoes, with a patch on the outside of the sole of each. The body was badly decomposed, having hung in the hot sun for at least a week and perhaps two. There was nothing among the things found or on her person, by which she could be identified, except a small piece of paper written in a vertical child's hand writing: "Hornbrook, California."

About ten days ago Robert J. Ward noticed a woman dressed in dark clothes in that vicinity. The jury returned a verdict that she probably came to her death by foul play. W. G. Day is working on a clue.

**Death of David M. Bean.**

After suffering with a stroke of paralysis which came to him early in the month of August, David McQueen Bean at an early hour Tuesday morning, September 1st, crossed the "Great Divide."

He was born at Huntsville, in northern Tennessee, October 25, 1820, and was at the time of his death within a few weeks of 88 years of age. In 1854 he came via the Isthmus of Panama to the Pacific Coast, and after a couple of weeks spent in San Francisco, came to Siskiyou county, settling in Yreka, which place and in the vicinity of it has been his home for more than half a century.

For a few years he engaged in mining afterwards worked at his trade as blacksmith at Greenhorn creek. Two daughters survive him, Mrs. O. H. Woods of Sacramento and Mrs. H. E. Strassler at whose home he has lived for the past fourteen years. Both daughters were with him to the last.

In a few short years the papers will cease printing obituary notices of the old pioneers. The ranks are fast being decimated and they soon will be but a memory.
